DIVISION OF
OIL, GAS & MINING

Mr. Lowell P. Braxton
Division of Oil, Gas & Mining
355 West North Temple
3 Triad Center, Suite 350
Salt Lake City, Utah 84189-1203

Dear Lowell:

Enclosed with this are six sets of revision sheets for the Anaconda Carr Fork Reclamation/Stabilization Plan. These revision sheets are designed to replace the existing sheets of the same page numbers in volumes 1 and 2 of the plan. The revisions are generally additions of text or corrections of errors, in either case the revisions are shown on the green sheets as underlined text.

The modifications reflected on the enclosed revision sheets fully incorporate the recommendations agreed to between your staff and that of JBR at meetings on March 27th and April 11th. Please have your staff distribute the revisions to the Bureau of Solid and Hazardous Waste (2 copies), Tooele County Planning Office (1 copy), and the Tooele County Health Department.

Revisions of various plates are underway and will be distributed similarly within a week.

Sincerely,

Brian W. Buck
Vice President
